### **THANK YOU FROM THE CORDEX OFFICE AT SMHI**

[Swedish Meteorological and Hydrological Institute](#) (SMHI) has been hosting the International Project Office (IPO) for CORDEX for more than 10 years and we are now in the process of dismantling and handing over. During the transition period until a new IPO is established the WCRP Secretariat together with the IPO for Regional Information for Society (RIFS) will handle the administration and coordination of CORDEX activities. The email address [ipoc@cordex.org](mailto:ipoc@cordex.org) is still valid, however emails will be forwarded to and handled by Maureen Wanzala at the WCRP Secretariat. For urgent questions you could also contact the WCRP Secretariat directly at [wcrp@wmo.int](mailto:wcrp@wmo.int) or the RIFS IPO at [info@wcrp-rifs.org](mailto:info@wcrp-rifs.org)

You can also reach out to one of the [Science Advisory Team members](#), any of the [CORDEX Points of Contact](#) for your domain or the coordinators of the [Task Forces](#). For specific Flagship Pilot Study issues you can contact the [FPS Pls](#).

Answers to Frequently Asked Questions can be found under [FAQ General](#) and [FAQ Data and Access](#) and on [github CORDEX discussions](#)

Since this is the last newsletter sent from us at SMHI all of us that have worked at the Project Office during these years would like to thank all of you for the great engagement and fruitful collaboration. It has been a pleasure to work with you!

SMHI and the IPO staff will continue to work with communication, coordination and capacity building on climate research as well as climate modelling within CORDEX groups and we hope that we will meet and collaborate with you again in the future!
