

Asia Climate Risk and Impact Strategic Workshop

Quy Nhon, Vietnam
25-27 November 2025

This workshop is a special session at the 5th international Vietnam Conference of Earth and Environmental Sciences.

The workshop aims to further strengthen the long-term collaboration on **Science-Impacts-Society and Multi-scale Climate-Air-Water Nexus for Sustainable Health, Food, and Energy** and to address existing gaps leading in a draft plan for a joint pilot project.

Would you like to get involved?
